

CERTIFICATION OF COMPLIANCE

Date _____

Purchase Order # _____

Company _____

Western Tube manufactures its steel tubing to meet various requirements of specifying agencies such as Underwriter's Laboratory (UL), the Canadian Standards Association (CSA), ASTM (American Society for Testing and Materials), ANSI (American National Standards Institute), AASHTO (American Association of Safety, Highway and Transportation Officials), all state DOTs (Departments of Transportation including CalTrans), and the CLFMI (Chain Link Fence Manufacturer's Institute).

All of WT&C's products are manufactured and assembled in Long Beach, CA, USA or in Chicago, IL, USA. The steel used for all our products is domestic, or it is procured from a company that is located in a country that is a member of the World Trade Organization.

A handwritten signature in black ink, appearing to read 'Alejandro Nunez', followed by a horizontal line.
