

20' STEEL EMT COMES WITH BUILT-IN SAVINGS

Using 20' EMT requires special delivery and handling, but it's well worth the savings! You'll reduce coupling costs and installation time by at least 50%, compared to traditional 10' lengths. Compare the installations below to see the difference.

20' steel EMT is ideal for:

- Warehouses
- Data centers
- Big-box retail
- Airports
- Other long-run applications

Contact us to start saving time and money with 20' EMT.
