

# EMT Compression Fitting Assembly

**Made in the USA**

**100% corrosion resistant**

**Trade sizes 2"-4"**

**Raintight available upon request**

Western Tube quality. Western Tube support. Compression fittings come assembled to Western Tube's EMT, reducing handling and saving time on the job site. The zinc diecast construction ensures 100% corrosion resistance and meets the same UL-514B standards as steel fittings. Western Tube compression fittings are listed as concrete tight, and raintight is available upon request.

**To place an order, contact your local sales rep.**
